

Alkalinity booster for mechanical ware washing

Description

Suma Power T57 is a highly concentrated alkaline booster specially formulated to provide excellent removal of starch and grease in combination with the chelant booster Suma Plex T38.

Key properties

Suma Power T57 is a highly alkaline booster which is intended for use with the Diversey patented DivoJet Spray-on System, always in combination with Suma Plex T38. It is primarily used in larger multi-tank ware washing machines. Suma Power T57 contains a high level of alkali for effective removal of starch and grease. Together with Suma Plex T38, which contains a high level of sequestrant, it gives a superior overall cleaning performance.

Benefits

- Highly concentrated formulation gives economy in use
- Very effective starch removal due to high alkalinity
- Very effective cleaning system in combination with Suma Plex T38

Use instructions

Suma Power T57 will normally be used in conjunction with Suma Plex T38 in the Divojet system, on larger multi-tank ware washing machines.

Suma Power T57 can also be used as an adjunct to a standard detergent to boost performance on starch removal during periods of the day where the soiling is very severe (for more info contact your Diversey representative).

Before first use rinse pump and transport tubes of the dosing system to avoid product crystallization caused by mixing with previously used products.

Dosage*

The minimum recommended dosing is 5ml/l*, depending on severity of soiling and contact time used in the Divojet system.

Actual dosage will depend on site conditions (water hardness, degree of soiling, procedures).

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*

Technical data

Appearance:	Clear colorless liquid
pH value (neat):	> 12
pH value (in use):	~ 13
Relative density (g/cm ³ ; 20°C):	≈ 1.44

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; sds.diversey.com. Store in original closed containers away from extremes of temperature. Only for professional users / specialists.

Product compatibility

Under recommended conditions of use, Suma Power T57 is suitable for use on most materials commonly encountered in the kitchen. Do not use on alkali sensitive items such as copper, brass, aluminium or rubber.
