

Acidic hard surface cleaner

Description

Ready to use, daily bathroom cleaner for acid-resistant washable hard surfaces.

Key properties

- Citric acid-based formulation
- Gentle formulation for maximum safety of use
- Light, delicate leaving a fresh fragrance
- Unique, patented Odour Neutralizing Technology (O.N.T.)

Benefits

- Ideal for daily use in hard-water areas
- Effectively removes common sanitary area soils
- Regular use hinders lime scale build-up
- Leaves a pleasant scent behind
- Colour and alphanumeric coded to prevent application mistakes

Use instructions

Dosage:

Ready to use, no dilution required.

Application:

Spray a small quantity onto a damp cloth/sponge pad and apply onto the surface, allow to act briefly (if necessary), and wipe the surface clean. Rinse thoroughly with clean water and allow to dry or wipe with a rinsed, well-wrung cloth. Buff with a dry cloth for extra shine. For more detailed application, please refer to Room Care R9 Mini Guide.

Technical data

Appearance: Clear, light purple liquid pH value (neat): ≈ 3 pH value (in use): Relative density (20°C): ≈ 1.00 The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; sds.diversey.com. Store in original closed containers away from extremes of temperature. Only for professional users / specialists.

Product compatibility

Do not use on acid-sensitive surfaces, e.g. enamel, marble, grouting. Immediately remove any drops or splashes from acid-sensitive surfaces and rinse with water. Do not mix with bleach or other cleaning products. Test material compatibility in a small, inconspicuous place before use.

Environmental information

The surfactants used in this product are biodegradable in compliance with the requirement of EU Detergent Regulation, EC 648/2004.

Available pack sizes

Room Care R9 is available in a 0.75L bottle, suitable for recycling.
