

TASKI®

Jontec 300 Pur-Eco

F4a

## Low foaming, neutral floor cleaner

### Description

TASKI Jontec 300 Pur-Eco is a low foaming neutral cleaner for all water-resistant hard floors. Ideal in scrubber driers for coated floors.

### Key properties

- pH-neutral
- No residues on the floor and no build-up
- Low foaming
- Effective cleaning at very low dosage
- Fresh fragrance

### Benefits

- Safe to use on all water resistant floors
- No grey or “greasy” floors
- Good degreasing properties at minimum dosage to save costs and minimise the impact to the environment
- Fast drying time without streaks

### Use instructions

TASKI Jontec 300 Pur-Eco needs to be diluted and is either dosed manually or with pump.

### Dosage:

Bucket application: Dose 12.5 ml into a bucket filled with 5L water (0.25%).

Scrubber drier / Single disc machine use: Dose 25 ml per 10L water (0.25%) into the machine tank.

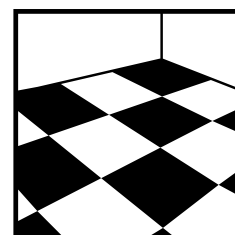

Proper dosage and temperature save costs and minimize environmental impacts.

### Application:

1. Bucket cleaning: Apply the solution with a mop. Allow to act. If required scrub. Remove the soiled solution.
2. Machine cleaning - direct method: Apply the solution to the floor, scrub with pads or brushes and remove the soiled solution.
3. Machine cleaning - indirect method / heavy soil: Apply solution with scrubbing action and squeegee blade up, allow contact time before scrubbing for a second time with squeegee blade down to remove the solution. Rinse with clean water if necessary.

EU Ecolabel: DK/020/006
