TASKI®

Jontec Clorex

## Chlorinated cleaner for ceramic floors

### Description

Alkaline and chlorinated cleaner to clean, bleach and remove malodours in one operation. The product can be used on any water resistant non protected floor, with the exception of marble and granite. It whitens the grouts, deepens the natural colour of ceramic floors and is particularly effective to bleach organic stains which are firmly sticking to the surface.

### Key properties

- Alkaline and chlorinated formulation
- Contains a high amount of sequestrants
- Fast acting, low foaming
- Versatile application

### Benefits

- Cleans, bleaches and removes malodour in one single operation
- Can be used even in hard water areas
- Ideal for scrubber driers
- Also suitable for mop or single disc applications

### Use instructions

1. Dose product into full water tank/bucket.
2. Clean the floor.
3. Allow the product to act for 5-10 minutes in case of heavy soiling.

### Dosage:

TASKI Jontec Clorex needs to be diluted.

Dosage bucket: 2.5% (125 ml for 5L).

Dosage machine : 1% (100 ml for 10L) max 2%.

Proper dosage and temperature save costs and minimize environmental impacts.
