

Liquid glass and ware washing detergent for hard water

Description

Suma Bar L66 is a concentrated liquid glass and ware washing detergent specially formulated to provide excellent soil removal in hard water conditions.

Key properties

Suma Bar L66 is a heavy duty alkaline liquid detergent which is suitable for use in a wide range of single and multi-tank ware washing machines. It will provide excellent soil removal on glass, ceramic, plastic or metal surfaces in hard water conditions. It contains caustic alkali, for effective removal of grease and fats, it also contains a high level of sequestrant to improve removal of stains and to prevent scaling on surfaces.

Benefits

- Cuts through grease and dried-on food due to blend of alkali and sequestrant
- Highly concentrated formulation gives economy in use
- Prevents scaling of the dish wash machine even in hard water conditions

Use instructions

Before first use, rinse pump and transport tubes of the dosing system to avoid possible crystallization in these tubes caused by mixing with previously used products.

Dosage*

Suma Bar L66 can be used for manual dosing in small re-use or dump machines via the 20 ml dosing cap supplied on the 2L bottle. Minimum recommended dosing is 0.4ml/l*.

Suma Bar L66 can be applied using Diversey automatic dosing equipment. It can also be used in conjunction with integral dosing pumps where these are fitted.

To ensure perfect cleaning results in hard water conditions, dose at a minimum recommended dosing of 0.4ml/l*.

At 2.0ml/l, this will prevent scale deposits in water containing up to 210 ppm CaCO₃, 12°dH, 21°FH.

Actual dosage will depend on site conditions (water hardness, degree of soiling, procedures).

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*

Technical data

pH value (neat):	> 12
pH value (in use):	> 12
Relative density (g/cm ³ ; 20°C):	≈ 1.25

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; sds.diversey.com. Store in original closed containers away from extremes of temperature. Only for professional users / specialists.

Product compatibility

Under recommended conditions of use, Suma Bar L66 is suitable for use on most materials commonly encountered in the kitchen. Do not however use on items containing copper, brass, aluminium or rubber. Only use for glass ware suitable for machine washing.
