AQUARIUS™ Roll Control Dispensing System

OUR SOLUTION:

We have collaborated with food manufacturers from around the world and developed a hygiene system solution for clean as you go and to help reduce contamination.

Our new AQUARIUS™ Roll Control Dispensing System addresses your needs of **reducing the risks of contamination while driving cleaning efficiency, decreasing process waste and improving worker productivity.**

Typical Applications

USE "once" and DISPOSE

- Wiping up water / oil spillages and food debris
- Cleaning kitchen equipment, kitchenware, tableware and cutlery
- Cleaning dust / stains

AQUARIUS™ Roll Control Dispensing System

- Wear resistant & durable. Takes up less wall space
- Easy to clean - protects wiper roll during clean down
- One sheet at a time - reduces consumption
- "No-touch" dispenser - decreases risk of contamination
- Viewing window - improves efficiency as you know exactly when to refill

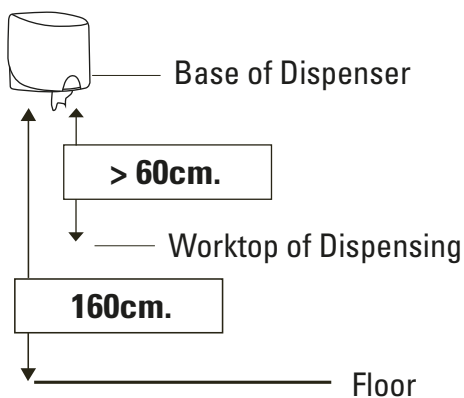

Solvent Resistance	Absorption Capacity	Wet Strength	Absorption Rate
●○○○○	●●○○○	●○○○○	●●○○○
