

PRE-WAX BRUSHES SHAMPOO

- Cleans and lubricates brushes.
- Facilitates the proper functioning of the wax.
- It releases an inebriating scent.

SUGGESTIONS

A correct use of NEOS PH5 PREWAX allows an optimal lubrication of the brushes in order to regulate the natural usury and helps the periodic maintenance of cleaning.

DESCRIPTION

NEOS PH5 PREWAX is the innovative pre-wax brushes shampoo with pH 5 and neutralizing surfactants that help and facilitate the subsequent waxing phase. Thanks to its tendentially acidic pH, dispensed during the brushing phase allows a perfect cleaning and lubrication of the brushes.

NEOS PH5 PREWAX is ideal to obtain an even more impeccable waxing, able to improve the light point, creating a super polishing effect.

In addition to creating a good scenic foam, NEOS PH5 PREWAX is compatible with all types of brushes, carlite or traditional brushes.

PRE-WAX BRUSHES SHAMPOO
