

FOAMING DETERGENT FOR THE TOUCHLESS WASHING OF MOTOR VEHICLES

- Snow-effect foaming detergent.
- It removes strong dirt.
- It is ideal for the professional external washing of vehicles.

SUGGESTIONS

Do not let the product dry on the surfaces; work possibly in the shadow: spray the product homogeneously, possibly bottom up. On overheated surfaces, cool them down with some water before proceeding with nebulizing the detergent solution. It is recommended to respect the use dilution.

DESCRIPTION

TRANSFORMER is a high concentrated alkaline liquid detergent, ideal for the professional external washing of vehicles. The particular additive contained in the product ensures a perfect cleaning, even with hard water. If dosed with foaming equipment, it makes an abundant and persistent, highly degreasing and snow-effect foam. Easy to rinse, it optimally prepares the vehicle for following waxing and drying phases.

FOAMING DETERGENT FOR THE TOUCHLESS WASHING OF MOTOR VEHICLES

PHYSICAL AND CHEMICAL CHARACTERISTICS

Aspect	Liquid
Colour	Blue-green
Odour	Light, typical
Specific weight	0,950 ± 0.01g/ml
Solubility in water	Complete in every ratio
pH	13 - 14
Chemical character	Cationic - amphoteric

pH 

High

AVAILABLE PACKAGING

Can of 25Kg - 016TRANTN25

USE MODALITY

No-brushes washing: dilute the product at 1:50 - 1:70 with water, spray homogeneously on the bodywork and then rinse with high pressure.

Automatic washing: dose about 10/30ml of product per vehicle.

Hydrocleaner washing: regulate the pure product suction at 2%.

Washing with foam-lance: dose 50-150ml of product per vehicle.

FOR PROFESSIONAL USE ONLY.

The product maintains its properties when properly stored in an unopened package, in a cool and dry place away from light and heat sources, at a temperature between 5°C and 35°C.
