CARWASH & CAR CARE

CONCENTRATED ALKALINE DETERGENT FOR VEHICLE WASHING

- Highly detergent power.
- It has an excellent cleaning power, also with hard water.
- It is ideal also for the cleaning of trucks and heavy vehicles.

SUGGESTIONS

Do not let it dry on surfaces: work possibly in the shadow.

DESCRIPTION

STORM 08 is a concentrated alkaline detergent for the washing of vehicles.

Its special formulation, with high cleaning power, contains dirt sequestrants and dirt suspending row materials that increase the cleaning power with hard waters.

Its optimum for the deep cleaning of trucks and heavy vehicles as well. It is ideal for self-service carwash, low-pressure self-washing, tunnels and portals.

CONCENTRATED ALKALINE DETERGENT FOR VEHICLE WASHING

Moderate

AVAILABLE PACKAGING

Can of 20Kg - 016STRMTN20

USE MODALITY

Self-washing: with low-pressure, dose 50-80ml of product per car.

If Dosatron diluters are used, set the suction at 1,2%-1,8%.

Nebulizer: dose from 1% to 3% in water according to the dirt to be removed.

For portals or tunnels, regulate the suction from 15ml to 30ml.

FOR PROFESSIONAL USE ONLY.

The product maintains its properties when properly stored in an unopened package, in a cool and dry place away from light and heat sources, at a temperature between 5°C and 35°C.
