

DETERGENT FOR CARPETS AND CAR INTERNAL FABRICS

- Specific for car internal cleaning.
- Excellent detergent for fabrics and plastic surfaces cleaning of automotive sector.
- Releases a pleasant pine fragrance.

SUGGESTIONS

Drying times change due to external temperature. For a medium dirt, treated with a regular procedure, the drying times change from 3 to 6 hours. In case of old stains, it is recommended to pretreat with the most concentrate product (read use modality). After the treatment of velvet and alcantara fabrics, it is indispensable to restore the soft touch through combing.

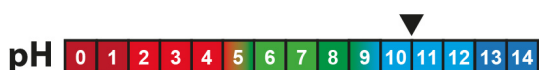

DESCRIPTION

The fabric surfaces of vehicles internal are catalysts of dust and bacteria, often barely to remove once nested between the fibers. TEKNO IN is a low foaming liquid detergent, formulated for the washing of carpets and different type of fabrics. It has an excellent sanitizing detergent power and acts also on the dirt that is nested in the deepest fibers. It guarantees the best cleaning result preserving and reviving the colors of seats and car mats. TEKNO IN is a product particularly studied for using with extraction machines. Ideal also for the cleaning of sofas, armchairs, velvet, alcantara and all surfaces covered by fabric.

DETERGENT FOR CARPETS AND CAR INTERNAL FABRICS
