

ALKALINE DETERGENT FOR VEHICLES

- Ideal for washing and pre-washing.
- High detergent properties.
- Sequestrant and anti-settling properties for dirt.

SUGGESTIONS

Do not use the product neat and avoid long periods of contact of concentrated solutions on aluminium and light alloys. Do not spray concentrated solutions on to painted surfaces.

DESCRIPTION

An alkaline detergent for the washing and pre-washing of vehicles, ideal for tunnel or in-bay car wash systems. Excellent as a summer-month pre-wash spray. Its formula includes high, effective detergent properties. This product's notable sequestrant and anti-settling properties for dirt ensure impeccable and completely safe cleaning results for vehicle surfaces. Also ideal for high-pressure self-service bays.

ALKALINE DETERGENT FOR VEHICLES
