

DETERGENT FOR GLASS WITH ACTIVE FOAM

- Quickly cleans glass and windows.
- Does not leave streaks.
- Releases a delicate scent.

SUGGESTIONS

One single application of Vetrobelt Plus leaves surfaces perfectly clean, optimising costs and saving time.

DESCRIPTION

Certain surfaces, such as glass and crystal, are often very difficult to clean. The elimination of marks, fingerprints and streaks can take considerable time and effort, and the results are not always perfect. Vetrobelt Plus is a detergent with active foam, specifically formulated to clean glass and windows.

Its immediately-acting active foam allows the product to adhere to the surface to be treated, guaranteeing effective cleaning in order to remove dust, smog, insects and, more generally, all types of dirt without leaving streaks.

DETERGENT FOR GLASS WITH ACTIVE FOAM

PHYSICAL AND CHEMICAL CHARACTERISTICS

Appearance	Spray can
Color	Colorless
Fragrance	Scented
Specific weight	0.970 ± 0.01 g/ml
Solubility in water	Complete
pH	10.2 ± 0.4
Chemical properties	Anionic - nonionic

Moderate
